MUSIC FOR MOPPETS (4-5 year olds)

provides a pleasurable environment for young children to explore music concepts together through playing the piano, singing, rhythm instruments, creative movement, dramatic play, and artwork. Establishes a solid foundation and eagerness for further piano study.

KINDER-KEYBOARD (6-7 year olds)

A piano course specifically geared to the abilities and interests of this age group. Teaches reading and playing in all keys, pattern recognition and creative improvisation.

PIANO (ages 8+)

Students enjoy [learning with friends](#) while developing comprehensive piano skills through which they play music of all styles and can create their own music as well. Includes sight reading, ear training, keyboard harmony, theory, technique, repertoire, and improvisation.

ADULT PIANO

Teaches facility in reading and playing music of varying styles, basic chord progressions, harmonization, ear training, and theory. Offers many opportunities for creative improvisation and ensemble experiences.
